### *Why Zeiss tints for sunglasses?*

*Renowned for high quality optical lenses, Zeiss also offer a range of tints which are excellent in reducing glare and protecting your eyes from harmful ultra violet rays.*

*We recommend Pioneer, a superb grey-green tint with great performance, which looks good in any sunglass frame.*

Perfect for holidays, sport and all outdoor activities, tints can be combined with an extra polarising filter to reduce glare even further. During May and June, choose a frame from one of our designer ranges, and get your Zeiss tint, worth up to £50, **FREE OF CHARGE!**

Skylet© sun protection lenses have been specially designed to give full protection from glare, but with excellent contrast too. So vision is clear, safe and comfortable for driving, water sports, cycling or just having fun on holiday.
