SHERRATT OPTICIANS CELEBRATE THEIR 25th YEAR

The practice was opened in January 1990 by the owners, Paul and Gillian Sherratt. Gillian qualified as an optometrist in 1978, after graduating from Bradford University with a first class honours degree. Paul's background is in photography and business. Having met at the theatre, they share a love of art and music, and in their time away from the business, enjoy long walks with their flat-coated retrievers.

Gillian explains: 'My professional interests are in science and problem-solving, and in people and communication. So I wanted to offer a thorough eye examination with advanced equipment in a comfortable and friendly environment, whilst having time during the patient visit to listen to their needs and provide solutions'.

Paul adds 'We have a team of dedicated colleagues who work together to deliver the very best in clinical care and product choice. Most of our clients come on personal recommendation, and some of their testimonials can be found overleaf'.

Brand new range of GUCCI styles with FREE champagne. See overleaf for our SPECIAL OFFERS!
